Specialized Data Systems Moves Headquarters to New Facility

EAST HAVEN, CT, June 28, 2010 - Specialized Data Systems (SDS), a leading software provider for the banking industry announced they have leased 2,700 square feet at 317 Foxon Road in East Haven, Connecticut.

Specialized Data Systems will occupy the third floor of the building, an 30,000 square-foot office building owned by 5 Dee's LLC.

"We are very happy with our decision to relocate to the brand new Josephine V. DiLungo Building" said Marc Riccio, President of SDS. "We were sorry to leave Branford, CT which has been our home for the past 21 years but this new facility provides us with a state-of-the-art facility and ample space which will support our continued growth.

SDS and 5 Dee's LLC were self represented in this transaction.

About Specialized Data Systems

Specialized Data Systems is an innovative team of experienced technology professionals dedicated to providing loan origination software and business continuity planning software to the financial industry. Founded in 1989, their software solutions help banks and credit unions improve their lending performance and safeguard their business operations.
